---

I know that taking this higher-level course does not waive the requirement of fulfilling all course prerequisites.

I have requested permission to take an upper level course at Peirce College that has prerequisites before such prerequisite course can be taken.

I have not taken the Peirce prerequisites for the above course.

I have informed my advisor that I have the required skills to succeed in this upper level course.

I understand that this upper level course may assume knowledge and understanding of concepts that are taught in the prerequisite courses.

I understand that if I receive a failing grade in the upper level course and wish to take the course again, I must pay for the course a second time.

Upon declaring a major, I understand that I must satisfy all requirements for that degree.

I acknowledge that my advisor has explained this situation to me and I have made the decision to proceed with this upper level course.
