

Stay enrolled. Save money!

Complete one or more classes in every session during this academic year and enjoy a 10% tuition reduction for your summer classes!

At Peirce, we recognize the importance that continuous enrollment plays in student success. Students who enroll in all six sessions generally do better in their classes and are more likely to graduate.

Take advantage of year-round enrollment with this new Tuition Discount Program and save 10% on summer 2014 classes!

For more information, please contact your Academic Advisor in the Advising Center at 888.467.3472, ext. 9177, or advisingcenter@peirce.edu.

Eligibility:

- This offer is available to undergraduate students who receive a grade in classes during all six sessions.
- Offer applies to students taking 8-week classes, 15-week classes, or a combination of both.
- Summer Tuition Discount will be applied after all other eligible discounts.
- All discounts will be applied after the drop/add period of Session 6.

How do I know if I'm eligible?

To be eligible for the Tuition Discount Program you must complete the equivalent of one course (7- or 8-week class, or 14- or 15-week class) EACH session (1-6).

What if I take a 15-week class?

A 15-week class will count toward one session during the term. For example, if you take a 15-week class during Sessions 1 and 2, and take an 8-week class during Session 2, the 15-week class will count toward Session 1 and the 8-week class will count toward Session 2, so you will be eligible for the program.

Example schedules:

1. Enroll in at least one 7- or 8-week class each session of the semester
OR
2. Enroll in at least one 7- or 8-week class and one 14- or 15-week class during the semester
OR
3. Enroll in at least two 14- or 15-week classes during the semester

	Fall		Spring		Summer	
	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
Example Schedule	15-week class		8-week class		7-week class	
	15-week class		15-week class			7-week class
