INVEST IN A CAREER WITH GREAT GROWTH POTENTIAL

Get a job in one of the fastest growing industries with a Peirce Bachelor of Science degree in Accounting.

According to the Bureau of Labor Statistics, employment of accountants and auditors is expected to grow 22% by 2018, much faster than the average for all occupations. Peirce’s Accounting program provides the education and skills to get you into this rapidly expanding field.

EDUCATION FOR TODAY’S JOB MARKET

In today’s competitive job market, a Peirce Accounting degree helps you stand out.

As the role of accounting has taken a greater significance in business operations, employers are increasingly seeking to hire graduates with a specific accounting degree. They expect expertise in standard accounting principles and practices, as well as critical thinking and a sound core of math, communication, technical and leadership skills.

The Peirce Accounting program prepares you for day one on the job and teaches the skills you need to be successful.

As one of only seven accounting programs separately accredited by the Accreditation Council for Business Schools & Programs (ACBSP) in the United States, your degree will stand out and make employers take notice.

Learn practical skills from professors with real-world experience.

Peirce Accounting students undertake the coursework necessary for employment in the field, with specific emphasis on developing analytical skills and understanding financial regulations, laws, ethics and core accounting values.

Faculty members have worked in various business environments and combine that practical experience with academic excellence to ensure students develop the expertise and values required for a career in accounting.

Start a career in one of the country’s fastest growing industries.

Peirce Accounting graduates are prepared for positions in all areas of accounting, including:

- Accountants
- Auditors
- Budget analysts
- Credit analysts
- Tax examiners
- Financial examiners
- Revenue agent
Graduates will also meet the accounting credit hour education requirements to sit for the CPA, CIA, CMA and CFE exams, or to study accounting, business or finance at the graduate level.
